SAFETY MESSAGE

A SINGLE SECOND

It takes a minute to write a safety rule.

It takes an hour to hold a safety meeting.

It takes a week to plan a good safety program.

It takes a month to put that program into operation.

It takes a year to win a safety award.

It takes a lifetime to make a safe worker.

But it takes only a second to destroy it all - with one accident.

Take the time now to work safe and help your fellow employees to be safe.
