The Maintenance & Technology Council (MTC) is an exclusive membership benefit of the Arkansas Trucking Association. The MTC provides a forum for employees of corporate members to converse about issues related to maintenance and technology management.

The purpose of the Council is to provide a forum for the exchange of information and the discussion of current issues. This is brought to you through the following:

- ◆ Speakers on product comparisons and/or new technologies
- ◆ Interchanging ideas and information
- ◆ Discussion of implementation strategies
- ◆ Recommended vehicle specifications
- ◆ Preventive maintenance guidelines
- ◆ Vehicle maintenance reporting standards for maintenance cost reporting
- ◆ Technician Training
- ◆ Fuel economy guidelines
- ◆ Meetings and a variety of seminars throughout the year
- ◆ Coordination of and option to compete in the annual Arkansas Technician Championship

Only employees of Arkansas Trucking Association member companies are eligible for MTC membership. If you're a motor carrier, manufacturer, or industry service provider, you will find that the Maintenance & Technology Council is a valuable organization you'll want to join.

Corporate membership in the Arkansas Trucking Association is required for companies joining the Maintenance & Technology Council.

**IMPACT CORPORATE EFFICIENCIES BY UTILIZING
NEW TECHNOLOGIES AND EQUIPMENT OPERATIONS.**
